## Spring Time Coats Adopted by Leading Manufacturers Because of Their Smartness and Becoming Styles

Coats that wear capes and scarfs; coats with trimmings of fur, and coats with  
standing collars and deep cuffs. They're fashioned of fine twill cords, in navy  
and beige, of smooth broadcloth in pinto and in novelty tweeds. Sizes 14 to 46

\$14.00 to \$38.00

### Men's Fedoras \$5.00

Fur felt, silk lined hats, blocked in the latest shape,  
and finished with contrasting silk band. Grey, brown,  
fawn.

### Men's Ties

Amazing what a difference is made in ones ap-  
pearance by a fine silk tie. Stripes are fashion-  
able. New Spring ties are here at

\$1.00

### Spring Shirts \$2.75 to \$4.00

Foraythe style, broadcloth shirts. Men are paying  
more and more attention to the pattern and fit-  
ting qualities of their shirts and naturally they  
choose Foraythes.

### Spring Hats

Softer and More Becoming

New shapes, copies of Paris models, in  
bisque shade, moulded in fabric, soft straw  
that folds in graceful lines; Bakuto braids,  
fine web braids in most desired shapes.

\$2.95, \$3.95 to \$9.00

### French Style Pyjamas \$3.75

Decidedly smart in new color effects; black with red  
trimmings and gold with black.

### Girl's Alligator Style Sandals

Special \$1.60

A sturdy, good-looking shoe with plump soles and  
low heels. A clearing line we bought at a very  
liberal reduction. Sizes 11 to 2.

## SILK SUITS

Styled by Vogue

Fashioned from beautiful, Marvel Crepe.  
They're delightfully youthful with flared  
skirts, tight fitting hip lines. Sleeveless  
waist in egg shell crepe and pert little  
holero jackets. Black, green, brown.  
Sizes 16 to 20.

\$19.75 and \$22.50

### Suits For Spring

They're in colorful tweeds, in Navy Twills,  
in Covert. Tailored in mannish styles, or  
with box coats; ripple skirts and egg shell  
blouse, or with "pinch-in" coat with ripple  
bottom and bell shaped skirt. Sizes 16 to  
40.

\$19.00 to \$30.00

### Girl's Spring Coats

The young miss of 4 to 14 years will look exceedingly smart in  
one of these new Spring Coat styles. They're in attractive  
tweed mixtures with smart, standing collars, throws, flares  
and belts.

\$6.00 to \$10.00

### Girl's Hats For Easter

Adorable styles for girl's of 4 to 14 years, offering a wide  
choice, including all the popular straw braids. Brimmed and  
off-the-face models.

\$1.00 to \$1.95

## Streets In A

## Disgraceful State

Never in the history of Lacombe have the street crossings been in such a disgraceful condition. Mud and muddy water at least six inches deep cover practically every crossing in town. Although this condition existed for several days the town apparently made no effort whatsoever to keep the crossings passable. The mudiest crossing in town (the others are had enough) is right in the centre of our business section, the corner of Barnett Avenue and Nanton Street. It is almost impossible for people to cross the street at this intersection to do business with the banks or stores without wading in mud up to their boot tops. Mud from these crossings is carried onto the sidewalks, which are in a deplorable condition also, just on account of the mud that is tracked on. It is an inexcusable hardship to work on the citizens and taxpayers of Lacombe, when a couple of hours work by one man would remedy it. It is about time something was done by the council. Several businessmen of the town, in order that people might reach their establishments without getting mired have had the street crossings adjacent to them cleaned off privately—why should this be necessary? Taxpayers in Lacombe should be given a little consideration at least. Surely on the town council there is someone who has charge of the streets and crossings—if there is, why is something not done? Taxpayers are justly unwilling to pay out good money in taxes for nothing. Possibly by the time we go to press, the crossings will have dried up sufficiently to enable people to walk across them without becoming mired, but this condition should not exist again, and taxpayers should insist that the crossings and sidewalks of the town be kept in at least fair condition. We notice in another column that the Town of Lacombe has named the week from April 28th to May 3rd "Clean-Up Week." We think it would not be a bad idea if the town would set the example by cleaning up the streets.

## The Bull Sale

## Was Successful

The Annual Bull Sale held here on Tuesday was an unqualified success, insofar as the average for 72 animals was \$110.00. The biggest demand was for older animals and most of these brought good prices. The top price was \$350.00 for Prince Marshall, an Aberdeen Angus, owned by Sam Henderson and sold to Mackenzie. The second top price went to Joe Roper for "Baltimore Boy", for \$230.00, and was bought by J. F. Metcalf, it was a Hereford. Other prices ranged from \$75.00 to \$150.00. The poor day doubtless kept many buyers away, as it was next to impossible to get over the roads. But taking things all around, the sellers and management of the sale have few complaints to offer. The sale was as good as could be expected for these times of tight money.

The Prize Winners were:—  
Short horns, 18 to 24 months, 1st, "Greenbrae Knight", owned by John Laing. 2nd, "Brenner Roan Lad", owned by C. P. Darnor. 3rd, "Met-calf", owned by J. L. Walters.  
Short horns, 24 to 30 months: 1st, "Greenbrae Conqueror", owned by John Laing. 2nd, "The Laird", owned by J. L. Walters.

Short horns Under 18 months, 1st "Silver Ivan", owned by Fred Christie, Blackfalds. 2nd, "Roan Ivan", owned by Fred Christie. 3rd, "Greenbrae Supreme", owned by John Laing, Blackfalds.

Short horns Over 30 months, 1st "Craigievan Charn", owned by Wm. Shanks. 2nd, "Spicy Dale", owned by Matt Talson, Benalto.  
Short horn Reserve Champion, "Greenbrae Knight", owned by John Laing.

Aberdeen - Angus: Champion, "Prince Marshall 43rd", owned by Thos. Henderson. Reserve Champion, "Prince Marshall 16th", owned by Thos. Henderson.

Hereford - Champion "Baltimore Boy", owned by J. H. Roper. Reserve "Consewall Prince Edward", owned by Wm. Broderston, Leedale.

## Demonstration of Electric Goods

The demonstration of electric cooking and refrigeration held in the Comet Theatre on Wednesday afternoon and evening under the auspices of Canadian General Electric Co., Calgary Power Co., and Lacombe Electric Supply House was well attended. In the afternoon, over seventy people were in attendance, while in the evening over one hundred were present. Miss Francis Thompson, noted Home Economist of the Canadian General Electric Company, gave a very instructive demonstration of the merits of cooking electrically. She explained fully the time-saving advantages of the Hotpoint Hi-speed Range and emphasized the economy which could be effected by cooking by electricity. Another feature of Miss Thompson's lecture was a demonstration of the proper use of electric refrigeration, not only in keeping foods safely and healthfully cold, but also in the preparation of delectable frozen desserts. The demonstration was very instructive and was greatly enjoyed by all who attended.

The evening session was opened by Mayor G. T. Jackson, who in a short address explained the objects

of the demonstration, and introduced the various lecturers.

The following ladies of Lacombe were holders of lucky tickets given out at both the afternoon and evening sessions. Electric Toasters were won by Mrs. Robt. McKenzie and Mrs. P. Tyler.

Electric Irons were won by Mrs. W. J. Taylor and Mrs. N. E. Carruthers.

Sacks of Flour were won by Mrs. H. W. Allen and Mrs. G. T. Parker. Fourth Prizes were won by Mrs. A. Gilmore and Mrs. P. Swanson.

## Thankoffering

## Meeting

The Easter Thankoffering meeting of the W.M.S. was held at the home of Mrs. Sweet on Tuesday afternoon. Mrs. E. Hunter and Mrs. A. French, delegates to the Presbyterian conference held at Clive, presented their reports which were very interesting, and Mrs. Layton read her convention paper, which is to be printed and sent to each Auxiliary, and which emphasized the place the society fills in the life of church women. A beautiful solo "Does Jesus Care", sung by Mrs. John MacDonald was much enjoyed. Mrs. Layton conducted the Easter Service and the devotion exercises were led by Mrs. G. Barbour. Life membership certificates were presented to Mrs. C. Danner and Mrs. C. E. Todd. In a short sketch, Little Doris Danner represented the necessary funds and Mary-care, Pinkney, the Bible woman, stressed the fact that to make any advance in this work, funds must accompany the Bible to the Mission field.

## Meadowbrook News

Mr. Jimmie Happs has returned from the Old Country.

Miss Edna Ritz has left Ponoka, and will be home with her parents for the summer.

Mr. and Mrs. Jack Henderson celebrated their 25th wedding anniversary last Saturday, April 6th. Many neighbors and friends gathered at their home to enjoy the celebration. Mrs. Henderson received some lovely presents.

The Ladies' Aid met at the home of Mrs. Fred Morrison last Thursday afternoon with 7 members and 6 visitors present. The ladies are hoping to hold an Entertainment soon. The next meeting will be at Mrs. P. Hagg's.

Mr. Ed. Dalglish has moved to Southern Alberta for the spring work after spending the winter in our district. We will certainly miss him.

Miss Hilda Carlson was united in marriage to Mr. Wm. Gottschlich, on Saturday, April 6th, at her parents' home, Mr. and Mrs. John Carlson, by the Norwegian minister from Wetaskiwin. Mr. and Mrs. Gottschlich left by motor to Calgary.

The young couple will reside on the groom's farm west of Lacombe. Mr. Harry Long and son Alex have used the grader and 8 horses on the roads in the district.

The Social Evening Club held their meeting last Wednesday evening at the home of Mr. and Mrs. Will Kinley.

Mr. John Saue has purchased a new McCormick-Deering Tractor and ploughs from Ponoka, so watch for John's smoke now.

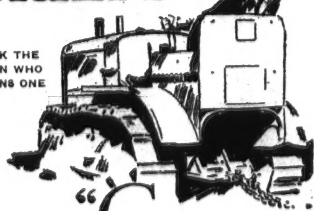

Mrs. Nellie Henderson was home over the week-end and left Sunday to resume her duties as teacher at the Fernrobin school.

## HEIFER ESTRAY

At my place S 1-2-41-28; one red and white heifer, about 3 years old. Owner please claim animal. Les. Saunders.

## Bid Farewell to Your POWER GRIEFS

ASK THE MAN WHO OWNS ONE

Hook up a CATERPILLAR Tractor to your plows, discs, drills, or any machine, and know what real farming power is. Power to haul heavier and larger equipment; power to work deeper, and to do that work steadier and cheaper than any other power you have used before. You have no power problem that a CATERPILLAR won't solve—no power troubles that a CATERPILLAR won't eliminate.

CATERPILLAR

## Here and There

(508) "England is intensely interested in reciprocal trade possibilities with the Dominion. Although a satisfactory trade between England and Canada has been carried on in the past, an even greater interest is being shown by well-established firms in Great Britain in Empire trade," said R. R. Galbraith, British exporter, at Saint John recently on landing from S.S. Duchess of Richmond. Mr. Galbraith is touring Canada in the interests of his firm.

"There is no feeling of resentment against the Canadian Wheat Pool in Great Britain," stated Rt. Hon. Lord Easton Percy, seventh son of the seventh Duke of Northumberland, on landing from S.S. Duchess of Athol at Saint John recently. "The consensus of opinion in the British Isles is becoming increasingly conscious of a serious economic problem which both British and Canadian farmers are called upon to face," he added.

Covering nearly 80 miles, leading into rich agricultural territory in Saskatchewan and Alberta, the Canadian Pacific Railway has just let contracts for grade construction of four branch lines. It is announced by D. C. Coleman, vice-president in charge of western lines. These contracts cover less than half the railway's present grading programme.

Receipt of the first entry in the world's grain exhibition and conference to be held in Regina in 1932 has been credited to William Hudson of Kathryn, Alberta, with an exhibit in the Edward wheat class. Mr. Hudson, who has been exhibiting successfully in provincial fairs in the past three years, came to Canada from the Old Country in 1912.

Announcement is made by the Canadian Pacific Railway Company that on and after Wednesday, April 9, they will accept shipments of freight at eastern points destined to points in the north-west, via Port McNicoll, Ont., and their lake and rail route, subject to delay at Port McNicoll pending the first sailing. There will be five steamers in the company's lake service between Port McNicoll and the head of the lakes during the coming season.

While the Five Power Conference is in session in London considering ways and means of promoting world peace, active preparations are under way in Canada for launching another war with relentless fury. Millions of casualties will result from this war which is timed to start in May. It is the war on insect pests in the Dominion which work incalculable damage to trees, plants and crops unless checked by Government entomologists.

Homebased entries in the four western provinces during January and February this year numbered 1378 as compared with 1416 for the corresponding period of 1922. Alberta and British Columbia scored advances while Manitoba and Saskatchewan showed recessions.

Over \$52,000.00 has been invested in manufacturing enterprises in the Province of Alberta and these concerns are paying about \$14,000.00 a year in salaries and wages to over 11,000 employees. Similar rapid development in industrialism is to be noted in the sister provinces of Manitoba and Saskatchewan.

## A CLEAN-UP WEEK

The Council of the Town of Lacombe have named the week from April 28th, 1930 to May 3rd, 1930 as "Clean-Up Week". All cans and tins placed in one man portable boxes in the Alley will be taken away by the Town. Ashes, Manure, etc., must be loaded after by the occupant of the property.

Lacombe, Alberta, April 16th, 1930.

Norman E. Carruthers, Sec.-Treas.

## Predicts 50c. Wheat Here

"In another generation only 10 per cent. of the population of Western Canada will be required on the land. Farm units will be larger, probably 640 acres minimum. Machine power will have almost entirely replaced man power. Canadian farmers must now bend all their energies to lower production costs or be prepared to lose the market, which Canadian wheat has gained, to Russia and the Argentine, which are going intensively into mechanization of farming."

These are some of the statements made by A. E. Ottewill, registrar of the University of Alberta, in an address before the members of the Canadian Club of Winnipeg, at luncheon on Monday. Mr. Ottewill forecast the day of 50 cent wheat produced at a profit on huge mechanized farms in Canada, Argentina and Russia.

Mr. Ottewill speaks with the authority of one who has been for sixteen years director of university extension work in Alberta, in the course of which he has travelled into every corner of the province. In these sixteen years he has noted a change in agricultural conditions which, he declared, is with astonishing rapidity developing to the proportions of an industrial revolution.

The effects of this revolution will be far-reaching, Mr. Ottewill warned. There will be a displacement of skilled labor and Western Canada will be hard put to find employment for even its present population.

The revolution will be brought about by mechanization of farming, Mr. Ottewill said. The movement had started ten years ago. To show the rate at which it has proceeded, he stated that since 1922 there had been 58,010 tractors sold in Western Canada, of which about one-quarter had been sold in 1921 alone. Similarly, in 1922 had seen the advent of the first combine harvester, but in 1922 there were 7,726 in use in the west. It was significant, he stated that in 1922 3,095 threshers, 3,355 combines had been sold in Western Canada.

The solution for the ailment from which agriculture is today suffering, is, first and foremost, lowering of the cost of production, said Mr. Ottewill. While he did not discount the value of the co-operative marketing movement, he warned against considering it a panacea, or even a matter of prime importance. He warned the farmers of Canada that Russia and the Argentine were mechanizing farming so rapidly that in a short time they would be able to place wheat on the market at a very much lower price than now prevailing, and still make a large profit.

At a recent meeting of the American Society of Engineers, Mr. Ottewill, stated, several power farm managers were present who agreed that wheat could be produced profitably at 50c. a bushel.

As an indication of what would shortly take place in Canada, Mr. Ottewill instanced that C. S. Noble of Nobleford, Alta., had in 1929 harvested 50,000 acres of wheat, yielding 30 bushels to the acre, with a combined harvester and thresher, at the rate of one acre in 7 1/2 minutes running time. As a further example he cited the fact that in 1915 there were 35,000 wheat farmers in Montana, and in 1929 only 14,000, but producing more grain than the 35,000 and at a lower cost.

## Diversified Farming is Needed

The suggestion that the area to be devoted to wheat raising in the western provinces during the coming season should be reduced would seem to be a wise one, provided that diversified farming follows. That this is the ultimate solution of a situation unprecedented in the history of agriculture, is of course evident to anyone who has studied the matter from the point of view of world supply. It is only necessary to look at the possibilities of increased wheat areas in Russia and also Manchuria, to say nothing of the Argentine and Australia, to know that the success of western Canadian farming must come from a complete re-adjustment of western farmers' ideas and practices.

Russia alone, 50 years ago, was the greatest source of Britain's wheat supply. Whether we like the Bolshevik government or not the fact remains that its move towards collective grain production and by the reclamation of all farm work, Russia will soon be again a competitor more to be feared than the Argentine or any of the other grain raising countries, even with its present possible area for wheat growing. If Manchuria is diverted from wheat raising and turned into a wheat producing country, the market to which Canada has been looking forward as an outlet for her second and third grades of wheat will be taken over by Manchuria. When Siberia, which has a climate within a great part of its boundaries, similar to that of Manitoba and Saskatchewan is opened up by the progressive Soviet government by railways, it is hard to conceive where mouths are to

be found to consume the world product. What then is the obvious answer to the problem? It must be the production of something required, daily on the tables of the world community, and which, at present, Canada, a strictly agricultural country not only does not produce for export, but imports for her own consumption.

Last year Canada imported 36,000,000 pounds of butter. She imports large quantities of eggs. She even imports a certain percentage of the finer qualities of bacon. At one time Canadian butter and cheese ranked high in the British market. At the present time there is practically no cheese and certainly no Canadian butter on British tables. Denmark, a small country, with poor sandy soil, and which imports all its fertilizers and a great part of its feed from Germany and other sources of supply, has supplanted Canada on British markets.

Canada has made and can again make butter and cheese which will compete on any market, so far as quality is concerned. She can raise the hogs of the bacon type, which, properly treated in the packing house could be second to none. Our wheat growing farmers should adapt themselves to altered conditions and meet a situation which has arisen, unlooked for and which threatens the whole fabric of Canada's basic industry.

## Used Car Sale

FINE USED CARS AT GREAT SAVINGS

We have a very fine selection of used cars in our stock at the present time. The used cars we have are really not legitimately entitled to be classed as such, because they have been selected with the utmost care and many have only a few thousand miles to their credit. Below we are listing three used cars out of our stock that are truly representative. From these you can quickly judge what values we have to offer at this time.

**CHEVROLET COACH, 1929**—Almost new, gone only 10,000 miles; paint in perfect condition; motor quiet and powerful, upholstery like new; tires all good. Price ..... \$600.00

**DURANT COUPE**—There are untold miles of transportation in this automobile; has travelled less than 8000 miles; motor has been completely overhauled, new tires, paint, upholstery and body in perfect shape. A real buy at ..... \$600.00

**CHRYSLER "75"**—This car is a real buy; it has been thoroughly reconditioned in our own shop. Paint and upholstery A-1 condition; new tires. Price ..... \$1000.00

If you wish a larger car than these we have little—If you desire something more reasonable—whichever happens to be the case, do not hesitate to consult us. If you will visit our establishment it will afford us a real pleasure to show you what we have.

**OLE BOODE & SONS**

Red Deer

**SEED POTATOES**—I have just a few bushels of Bliss Triumph Certified Seed Potatoes to spare. Selling at \$2.50 per bushel. O. J. Johnson, Lincoln, School District.

**FOR SALE**—1925 Ford Coach, 1927 motor, Ruckstell Axle; five balloon tires; motor overhauled. \$200.00. Also Star car 1924 in good running order, \$100. Apply Saunders Garage.

**Packard Standard Eight Fully Equipped L.A.S. \$3790**

If you are changing Cars every other year, you are paying for a Packard

WHY NOT OWN ONE?

## Bungalow Camping in Rockies

Spring is here, according to the calendar, though you may not otherwise have noticed it, and with the spring the thought of vacation begins to gather strength. In another month or six weeks the bungalow camps of the Rockies, famous the world over for their beauty, will have opened again for the season. Outstanding among them are the Lake O'Hara Bungalow camp (lower left), just behind the mountain peaks of the Rockies, the Lake Louise Bungalow camp (lower right), under the foot of the Takkaw Falls, and Emerald Lake Bungalow camp (upper), by many considered to be the gem of the Rockies, although artists and others will often contend that Lake O'Hara is a close rival. Stays at reasonable cost may be made in any or all three of these camps, since they are not very far from one another and are easily accessible. As a by no means minor part of the lure of these camps there is the attraction of trail riding on trained, sure-footed horses of the most magnificent scenery in the world. Country inlets are the famous Twin Falls near the Yoho Camp.

You Can Win In An Hour!  
**G.W.G. STOP-LOSS POCKET LETTER CONTEST**

Only ~~the~~ OVERALLS have Stop-Loss pockets

## LOST... One hundred millions of dollars

"The annual loss from weeds in Canada is at least one hundred millions of dollars," states George H. Clark, Commissioner of the Seed Branch, Federal Department of Agriculture. Practical farmers and agricultural authorities agree that weeds are the greatest single menace to Canadian agriculture that exists today. The most important action that Canadian farmers can take, to start a definite and well-planned program for the cleaning up of weeds on their farms.

WHEN YOU REALIZE that the annual loss through weeds is more than ten times the annual loss caused by fire and lightning, you have an idea of the acute problem that faces the Canadian farmer today.

By exterminating weeds, the average farmer can greatly increase his yearly profits. In Saskatchewan alone, the Department of Agriculture estimates that weeds were responsible for a \$40,000,000 loss in the 1928 wheat crop. Other provinces suffered in almost equal proportion.

Delay in dealing with this evil is not only dangerous, but sometimes fatal. Weeds that grow unchecked eventually take full possession of your land. But if you tackle the problem systematically and intelligently—cleaning up at least one field every year—you will finally defeat the weeds. And your reward will be bigger and better crops, greatly reduced production costs and steadily increasing profits.

There is only one best time to begin this job—and that is NOW. To assist you in a practical way, Imperial Oil Limited is now having compiled a book containing information and experiences from practical farmers, agricultural colleges and experimental farms.

This book—"Weed Control"—will be a companion volume to "Field and Farm Yard", which was published in 1929, and is now in the hands of 85,000 farmers.

"Weed Control" is not a treatise on weeds—but a comprehensive explanation of the methods used by men who have successfully combated the weed menace. It is edited by Honorable Duncan Marshall, formerly Minister of Agriculture for Alberta, and contains pertinent facts and figures collected from the experiences of weed authorities in all parts of the Dominion.

This book, like "Field and Farm Yard", will be distributed free on request. By mailing the attached coupon you can arrange for your copy to be sent as soon as it is off the press.

## Too Much U.S. Propaganda

Lieut.-Colonel Drew of Toronto, in performing a very useful service in drawing attention to the persistent propaganda across the border designed to belittle the British Empire's war contribution. In his striking address at the Vimy Dinner last week, he quoted from current newspaper articles to prove that this campaign of misrepresentation is still being carried on without rebuke from official American circles.

Owing to Canada's geographical position the people of this country are peculiarly exposed to United States propaganda. There is an unending barrage of ideas over the border by way of newspapers, magazines, movies and the radio. For years there has been evidence of a deliberate intention to minimize the part played in the war by Canada and Great Britain and to magnify that of the American troops. As the war years recede, the real facts are apt to be forgotten, and the fiction mongers are emboldened to make even more absurd claims.

The older generations of Canadians have been inclined to laugh at the claim that the United States won the war. They know the real facts, but a new generation is coming along, children when the war was in progress. Colonel Drew is opposed to their being brought up with the idea that everything British is inefficient, and everything American is the acme of efficiency. He believes that the Canadian youth of today should be given the correct story of the sacrifices, heroism and the achievements of the British peoples during the great war. This is a work for the schools. It should not be neglected in view of the anti-British propaganda with which the Dominion is deluged.

## Englandt Uber Alles.

It seems only yesterday that the German was supposed to have devoted certain hours of every day—regular hours, of course, as any well-conducted and systematic German would—to the singing of the Hymn of Hate against the Allies in general and a maimed prayer that Gott might strafe Englandt in particular.

Yet today on every hand we see evidence that Germany is among the fastest of our friends. They have been hagen in a war which we tried to conduct as fairly as possible and they are sportsman enough to say so. And if there is anyone your Briton loves above all other men it is a sportsman. It may even be that they are better sportsmen than we are. We have no means of knowing since we have not been put to the test, whether, if our grand fleet had been compelled to sail into Kiel and surrender and our King sent into

## Dominion Election Soon

A profound silence is being maintained in government circles in Ottawa regarding the date of the federal election, but similar restraint apparently is not imposed on private members. K. A. Blatchford, Liberal member for East Edmonton, signalled his arrival back in the constituency by announcing definitely that an appeal either in August or September has been decided upon. He even specifies two dates, August 25, or September 3. The only opposition to the earlier date has come from Ontario Liberal members.

This is a categorical intimation. It bears no flavor of guesswork. Mr. Blatchford declares that the election will be held before Premier King leaves for the Imperial Conference in London. In view of all this, it is not difficult to surmise that Mr. Blatchford's departure for Edmonton several days in advance of the Easter adjournment was inspired by a pardonable desire to get his election organization into working shape as soon as possible.

He will be opposed by A. U. G. Bury, former member for the constituency, and former mayor of the northern city. Mr. Bury is a strong candidate, and should make an excellent run.

Another significant sign of an early election is the calling of a Liberal convention in British Columbia. It is predicted that the present provincial leader, Mr. T. D. Pattillo, will resign in order to enter the federal ministry. He will supplant Hon. Dr. King, whose failure to make any headway in the coast province in the past two federal campaigns, will be punished by relegation to the status

of a private member. Ultimately he may land in the Senate.

## McKIM 1930 DIRECTORY

The McKim Advertising Agency has just issued the 23rd edition of their Directory of Canadian Publications. This volume is very highly valued in the advertising and publishing world, as it contains the most recently available data on all the cities, towns and rural districts of Canada, their news distributors, whether Weekly, trade papers, agricultural papers, magazines and periodicals of all kinds. It gives a synopsis of what the advertiser, banker or business man needs to know of the population, resources and facilities of the various markets throughout Canada.

With offices across Canada and in London, England, A. McKim Limited is able to secure this information in a direct way that assures of its being authentic. The Directory may be obtained from McKim offices at Montreal, Toronto, Hamilton, Winnipeg, Calgary, Vancouver, Halifax and London, England.

## FARM HOME DESTROYED

On Monday evening fire of unknown origin destroyed the beautiful house on the farm belonging to Mr. T. Ross, two miles south east of Haynes. Mr. and Mrs. L. V. Maller, who have the place under lease, were in Red Deer that day and on their return home found nothing but ashes for what was their home and are losers of all their effects. The loss is estimated at \$4,500 which is partly covered by insurance.

**FOR SALE**  
N.E. 1-4 12-42-2, with M. 2 miles south and 2 miles east of Rimbey, at \$5.00 per acre. Apply to David Gilmore, Box 295, Lacombe.

**HOUSE WANTED**  
Furnished or unfurnished, by May 1st. Apply A. G. Allen, c/o Norman Campbell's Store.

## Mouth or Throat Infection!

Dampness, dirt, exposure and excess smoking frequently cause infection of the mouth and throat. A single use of one part Absorbine, Jr., to nine parts water will bring quick relief. And to break up the congestion, rub the outside of the throat with a few drops, full strength. The daily use of Absorbine, Jr., cleared—a mouth-wash will sweeten the breath and keep the mouth and throat in a wholesome, germ-free condition at all times. \$1.25 per bottle—at your favourite druggist.

**Absorbine Jr.**  
For swollen tonsils and throat colds

## Here and There

From obscurity to world power is the record of Japan within the past fifty years, says Dr. Naikoro Kano, Tokyo University professor and chairman of the Japanese National Committee on the progress of congress, here on a tour of Canada and the United States and a passenger aboard the Empress of Asia. He attributed the growth of his country to her progress in engineering.

The British Bowling team which has played 16 matches in Los Angeles in the last two months, losing five and winning eleven of the games, sailed for England aboard the Duchess of York recently. They came out to win the American Bowling Trophy, but the five games lost were in that event and they must wait next year for another attempt.

Seventeen European races contributed songs, folklore and handicraft work, while inhabitants of Labrador, the Arctic Circle, the Maritimes, Pacific Coast, and Indiana furnished their quota towards the brilliant success of the Great West Folk Dance, Folk Song and Handicraft Festival, held at Calgary, March 19-22. The Premier of the province, the Lieutenant-Governor and D. C. Coleman, Vice-President Western, Jones, and J. M. Gibbon, General Publicity Agent, representing the Pacific Railway, gave inspirational addresses in this effort to "broaden, stabilize and elevate Canada's national consciousness."

Reoccupation of Europe from economic ill effects of the war and the return of European nations to active and formidable competition in world's production is making it more and more essential for Canada and the United States to develop the vast potential markets of the Orient," said Louis Gounther, publisher of the New York Financial World, who sailed from Vancouver recently aboard S.S. Empress of Asia for a tour of China and Japan.

Widespread interest aroused in the United States as well as Canada by the musical programmes broadcast by the Canadian Pacific Railway on Friday evenings over its own transcontinental network have led to negotiations between the railway and the National Broadcasting Company of New York, under which Canadian Pacific will supply WJZ and associated stations with a series of Canadian programmes made in Canada by Canadian talent. Five million records are now in a popular form of sixty minutes will be reached by this extension which commenced first week of April.

Dairying was a profitable industry in the three prairie provinces of Canada last year when its value totalled \$57,629,000. In eleven of the large exhibitions held throughout Canada during that year these three provinces were awarded eighty per cent of all first prizes and 98 per cent of all prizes, over half of which went to Manitoba.

According to a recent compilation made by the Canadian Government Bureau of Statistics, the average value of the occupied farm lands of Canada as a whole, including both improved and unimproved land, as well as the dwelling houses, barns, stables and other farm buildings, is returned as \$37 per acre for the year 1925.

## MORTGAGE SALE OF FARM PROPERTY

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act" under a certain mortgage which will be produced at the time of the sale, there will be offered for sale by public auction at the Post Office in the Village of Bentley, in the Province of Alberta, on

Saturday, MAY 3rd, A.D. 1930

At the hour of 2:00 o'clock in the afternoon, the following property, namely:

North-East quarter of Section Three (3), Township Forty-one (41), Range One (1), West of the Fifth Meridian, in the Province of Alberta, containing by admeasurement One Hundred and Sixty acres (160), more or less, reserving thereout all coal.

Terms of sale to be ten per cent cash at the time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances save taxes for the current year.

The vendor is informed that the above property is situated about two and a half miles from the Town of Bentley which is the nearest Post Office and grain elevator.

The land contains 160 acres of which 10 acres are slough and 10 acres waste land. Approximately 140 acres have been brought under cultivation.

The soil is a clay loam six inches deep with a clay sub-soil.

The land is completely fenced with three strands of wire.

There are no buildings on the land. For further particulars and conditions of sale, apply to Messrs. Newell, Lindsay, Emery & Ford, Barristers, Canada Permanent Building, Edmonton, Alberta.

Dated at Edmonton, in the Province of Alberta this 24th day of March, A. D. 1930.

Approved: A. T. KINNARD, Deputy Registrar.

**A WILL that can't be broken**

**An EXPERT Executor without cost**

A LIFE assurance policy is a will that needs no lawyer to explain and no judge to interpret.

It is clear, final, unbreakable.

If, instead of being paid in a lump sum, the proceeds of your policy are left with the Sun Life Assurance Company of Canada, you obtain, free of cost, the most expert fiduciary service in the world for your dependants.

Your assurance estate is conserved to meet obligations not fully matured at your death; to care for your wife; and to educate your children.

The earnings and any part of the principal can be paid over at regular designated intervals as desired.

Your modest funds are merged with those of a great corporation and share in the wonderful earnings from that Company's investments.

Your affairs can't be muddled by an incompetent neighbour executor.

NO RISK • NO WORRY • NO EXPENSE

The best way to create an estate, and the best way to conserve an estate, is by life assurance.

Consult a Sun Life representative for particulars.

8:00 p.m. Confirmation and Commissioning of Licensed Lay Readers.

Please do not forget, about the Joint Services on Wednesday, Thursday and Friday evenings, in the Anglican, Free Methodist and, United Churches.

## Red Cross Tag Day

On Saturday, April 18th, the Royal

Temperance Legion Bands will hold a Tag day, the proceeds to go to the Junior Red Cross.

In 1929 the Alberta Red Cross were over \$13,000 short of balancing their budget. As the Society is dependent entirely upon the voluntary contributions, apart from the ordinary per diem grant given to all Hospitals by the Government, it is necessary that they balance their budget each year or they cannot possibly carry on.

This year over \$26,000.00 of their budget is apportioned to Junior Red Cross work and Crippled Children's Hospitals, two of which are now being operated in this Province, one in Calgary and one in Edmonton, the former having 40 beds and the latter 35 beds. Even though their budget was drastically cut, the Society requires at least \$6000.00 more than they received in 1929 if they are to finish the year without a deficit.

A number of children from Lacombe and surrounding district have received treatment at one of these hospitals during the past few years.

The public is therefore asked to contribute as generously as possible on Saturday next, when they will not only gladden the hearts of the little collectors, but will materially aid a society whose work for the children of this Province cannot be measured in dollars and cents.

## Meeting of

**Blindman M.D.**

The second meeting of the Council of M.D. 480 for the year 1936 was held at order at the High School

Himby, at 1:25 p.m. All councillors were present. The minutes of the previous meeting were read and adopted.

Mr. E. Atmworth, Govt. Road Inspector was present and addressed the council on different phases of road building, referring amongst other things, to the need of having

ing Grant, reads in a more finished condition, the size of the back-slopes, the increase in road width from 18 to 20 feet from beam to beam. He also spoke concerning the allocation of the different Grant monies to the several divisions. He felt that we are arriving at the time when we should no longer have the divisional system; six little districts within one Municipal District, and that where tried, the system of having a road-superintendent who devotes his time exclusively to road building was working out admirably.

The following reports and letters were tendered by the Secretary:

K. H. Wates' acceptance as auditor for 1936; Rimby Hospital, re: acceptance of indigent patients under jurisdiction of M.D. 430, at a rate; Rimby Hospital, re: David Leslie, patient from this M.D. or not; Matheson, appeal to assessment commission; Alexander, re: s/c as assessor; request from Historical Society for donation of \$5.00 for Historical Monuments; report of proceedings at hall and secretary conventions at Calgary; tax-arrears list, under 1929 Tax Recovery Act; Mount Red S.D. request to have mill-rate for school purposes struck on valuations submitted by them for all parcels in their district, shown to be not feasible or possible according to M.D. act; old age pension applications from W. Kurkie and East Preston; acceptance of s/c of North Estate by Executors; a monthly pension for life to Ben Olmstead from Compensation Board; Robson relief; and application from Mr. House, to do minor jobs of surveying.

Income Grant for 1936 has been set at \$1000.00; amount council feel they can earn in respect of Capital Grant was asked for by the Department of Public Works.

Wild Land Appeals: S.E. 9-42-28, with, Thos. Koppa; matter referred to Reeve in Div. 5 for later consideration.

S.E. 30-44-2-W6th, A. S. M. Loving, not allowed as there were not sufficient improvements to warrant exemption under the Act.

Applications for weed-inspector were received from E. G. Uhlman, C. A. Wright and Andrew Mackenzie; Andrew Mackenzie was engaged with the stipulation that the amount to be allocated in this particular was \$250.00 together with certain understanding respecting use of car or horse.

Applications for Tractor Engineer, were received from Paul R. Goings; Gordon Budd; R. E. Wilson; Homer Betts; Arnold Thomson; A. J. Crandall and J. R. Burne.

Applications for Power Grader Operator were received from John P. Henderson; Arthur Lee; R. E. Wilson and Paul Goings.

BAKING about a preference for Goings and Budd for engineers; and Henderson and Lee for grader men. The whole matter was left in an unsettled condition. A motion was passed that the secretary endeavor to obtain a service-man from the Union Tractor and Harvester Co., Calgary, to check over the tractor and to interview the preferred applicants actually at work with the outfit, in order that he might pass his opinion as to their capabilities.

The rates to pay were set at 50c for engineer and 60c for grader-man per hour.

The following bills were passed for payment.

Payment on Tractor outfit and interest .....

Grants repaid and posts .....

General account .....

Division 1 .....

Division 2 .....

Division 3 .....

Division 4 .....

Division 5 .....

Division 6 .....

A bill from Atlas Lumber Co. for 1-2 car of hemlock was disbursed as the order called for fire hemlock was not considered suitable. The Reeve and Secretary were empowered to borrow for general account, \$4000.00.

Mr. Jordan, Grant road contractor, was authorized to procure a water tank for use on wagon with grant outfit.

The date of the next meeting was set for Saturday, May 3rd.

W. A. Saunders

Sec.-Treas. M. D. 430

## Temperance

**Convention**

Delegates from many surrounding towns and villages attended the convention of temperance workers of the Lacombe and Ponoka districts held at Lacombe on Thursday afternoon and evening.

Mr. H. H. Hull spoke on Organization and Legislation giving valuable information concerning conditions throughout the Province and the strong sentiment that is crystallizing in favor of the abolition of the beer parlors.

A resolution that the Government be petitioned to issue all private licensed sale of liquor, was unanimously passed. The evening meeting was largely attended and the Dramatic and Humorous Impersonations by H. Arthur Barton much enjoyed. Mr. Barton also spoke on Temperance Education and an address on the History and Progress of the Prohibition Movement by Mr. Hull was very enlightening.

Getting  
a STRANGLE  
HOLD  
on that  
MORTGAGE

THERE were long, lean years for you—and Mother—before success began to come.

Her hair is grey now—and you are no longer young.

But you dream of leaving a mortgage-free homestead for baby, without the hardships you went through.

Yet you realize the Risk—the sleepless mortgage that still grips your broad acres.

It's THAT that wakes you in the night—the haunting fear that even after your long fight (should death come) your family might not be able to lift that mortgage—might lose the farm and make all the accumulated labor,

deprivations, economies and money investments of many years, a vain effort.

When you placed that mortgage on the farm did you assure your life for at least a corresponding amount, payable when the loan had to be repaid, or at death?

If you didn't you only added to the anxieties of your widow and family.

Afrail you couldn't pay the premium on the policy! Could your widow pay the interest and maintain the sinking fund on the mortgage?

Don't continue that Risk—cover the mortgage with a life insurance policy that will discharge it—and leave a balance, payable monthly, for current expenses.

See the Sun Life representative. It will entail no obligation on you.

## May Locate Forestation Plant Here

Mr. Norman C. Ross, of the tree planting department, government Forestation Plant at Indian Head, Saskatchewan, was the guest of the businessmen of Lacombe at a luncheon at the Adelphi Hotel, on Saturday last.

Mr. Ross visited Lacombe with a view to selecting a site whereon will be established a Dominion government forestation plant.

Mr. Ross' visit is the result of a request made by the provincial to the Dominion government that a forestation plant similar to those at Indian Head and Sutherland, Sask., be established in Alberta.

While in Ottawa last December conferring with Premier W. L. Mackenzie King, in respect to the return of the natural resources, Hon. Charles Stewart informed Premier Brownlee of the Dominion's willingness to accede to the request and suggested that preliminary work would be undertaken at an early date.

Mr. Ross will inspect several sites between Edmonton and Calgary thought suitable for the location of the farm. When established much will be done to educate the public toward an appreciation of trees and their value to the community.

From the time the Alberta plant is obtained and set in motion, two and one-half years will be required before delivery of trees can be undertaken.

Trees are supplied to farmers and others interested for re-forestation of farms, wind-breaks and other uses as well as ornamental purposes.

Mr. Ross made a short address to the assemblage and while he could not definitely state that Lacombe would be selected for the new plant, he said that this district had many natural advantages, and was in many ways ideal for the project. He thanked Lacombe citizens for the attention given him while going over the district.

W. F. Puffer, Geo. DeLong, J. N. B. MacDonald, Mayor Jackson, and others gave short talks on the question of forestation, and the great benefit accruing from tree planting on the prairies.

## FEDERAL BUDGET SHOWS VITAL CHANGES

Ottawa, Ont.—In a special despatch from its correspondent in Ottawa, the Toronto Globe today says:

"Now that the minister of Finance has approximately fixed the date for his budget as 'the first week in May,' political experts are guessing what the budget will contain. Fiscal secrets are jealously guarded, as a rule, but it seems fairly that Hon. Charles A. Dunning will:

"1 Reduce the Sales Tax.

"2 Propose an Imperial budget—a budget that will build up trade within the Empire.

"3 Give the United Kingdom a larger share of Canada's trade by increasing the British preference.

"4 Raise the Tariff against the United States on many commodities.

"5 Encourage Canadian industries, as iron and steel, by tariff reductions on some two or three hundred items in the customs schedule.

"6 Impose emergency tariff against New Zealand butter pending conclusion of a treaty with that Dominion.

"7 Protect Canadian fruit and vegetable growers against dumping of United States products in Canada at slaughter prices.

"8 Announce new trade agreements with Newfoundland and other countries, possibly including Greece, giving Canadian manufacturer free access to these markets.

"9 Make definite proposals that will stimulate the marketing of Canadian wheat in the United Kingdom, and British products like Anthracite in Canada.

"10 Announce a surplus of \$30,000,000 of revenue over expenditure."

## IN MEMORIAM

In loving memory of John P. Miller who was accidentally drowned in April 1922, at Lake Aberta, Wednesday, April 17, 1922.

He little thought when leaving home He would no more return;

That he in death so soon would sleep, And leave us here to mourn.

We do not know the pain he bore, We did not see him die;

We only know he passed away And never said good bye.

The blow was great, the shock severe, We little thought the end so near;

And only those who have lost can tell The pain of parting without farewell.

Ever lovingly remembered by his wife and family.

## Hon. Hoadley For Lacombe

Political rumor in the capital during the past few days has advanced a solution for one of the problems following the redistribution of provincial ridings decided on at the recent session of the legislature. This is that Hon. Irene Parley, minister without portfolio, will not seek reelection in Lacombe and that Hon. George Hoadley will be offered the U.F.A. nomination in that constituency.

The minister of agriculture and health, it is reported, would accept this if it were tendered him rather than face a divided convention in the newly merged High River-Okanoks riding where his probable opponent, Sam Brown, would command a strong following.

Hon. Mrs. Parley, it is stated, has wished for some time to be relieved of her political responsibilities on account of ill-health, and political crystal-gazers give the minister of agriculture a good chance of election as her successor in this old-fashioned agricultural district.

That Hon. Geo. Hoadley would be welcomed to this constituency goes without saying.

## Make Lacombe Divisional Point

There is a well defined rumor abroad that the C.P.R. is contemplating making a divisional point at Lacombe in the near future. While we have not been able up to the present writing to get any definite information on the matter from C.P.R. officials, it is not at all unlikely that there is good grounds for the rumor.

Lacombe is the natural divisional point on the Calgary-Edmonton branch, and will also be right in line when the Lacombe and Northwestern road is completed to Edmonton.

Lacombe has all the necessary facilities for the requirements of the railway—a plentiful water supply and cheap electric power, low taxes and a splendid yard location.

The present divisional point at Red Deer entails a lot of unnecessary expense in the operation of the railway. Trains from the west of Lacombe are now compelled to make a daylight trip to and from Red Deer daily, and his forty mile run will be eliminated should the new division be located here, in addition to many other advantages. Of course we would not like to see Red Deer neglected, but are of the opinion that the railway would be making a splendid move in locating in Lacombe.

## LEST WE FORGET CLUB DANCE

Remember the Lest We Forget Club Dance on Easter Monday. The "Star" five-piece orchestra has been engaged, so good music is assured. The ladies of the Club assure everyone of an enjoyable evening of dancing, so keep Easter Monday open and be there.

The Lakeside W.I. is holding a demonstration on "Home Decoration," with Mrs. Hutton as demonstrator, at the home of Mrs. John Fraser, April 25th, classes to start at 10.30. Those wishing to attend who are not members, may do so by phoning the secretary, Mrs. John Henderson. Please bring refreshments.

There will be an Easter Program in the Free Methodist Church on Friday evening, this week at 8 p.m. Everybody welcome.

"Kitty" will arrive in Lacombe on May 6. Get ready to meet her. A-3
